

My name is Terry Wagar, my wife Joan Wagar was having an affair with a Portland police officer named Eric Carlson.

My wife Joan Wagar and officer Eric Carlson arranged to have me battered by the Portland police and the Multnomah county sheriff's on January 18th 2005 at East Port Walmart!

I got a broken rib and a messed up knee from the battery and I was denied emergency services by police and no one called 911 for me!

For the next couple months I was debilitated from that broken rib and behind my back my wife Joan Wagar and her lover officer Eric Carlson were destroying my reputation by labeling me as a pedophile so no one would care that I was battered!

My wife Joan Wagar turned our daughters against me behind my back and when I caught her hooking our daughters up with a with a cop that dyed his hair my hair color and was dressed up like me I tried to warn people they were setting me up, and that's when my wife Joan Wagar poisoned me with antifreeze in my coffee!

I was severely debilitated after that and I was surrounded by family members that were on my wife Joan Wagar's side and were pretending nothings wrong!

Being poisoned with antifreeze is debilitating and I was surrounded by people that did not care and refused to help me, when I went to the OHSU hospital for treatment my doctor refused to help me because police were in the hallway at the hospital literally telling my doctor to not help me, and they labeled me repeatedly as a bad guy until my doctor got the hint to walk off and to not take a toxicology test!

I am a victim of a murder conspiracy and because of my wife's affair with a cop I am not welcome to emergency services and I am repeatedly denied emergency services!

I was bleeding severely internally from being poisoned and any hospital I went to refused to take toxicology tests and refused to help me, one hospital admitted I had severe internal bleeding, another fakes on their paperwork mental illness to discredit me as a witness, another hospital threatens me with arrest if I even go to my hospital, so they are not hiding the fact they want me dead!

My wife Joan Wagar repeatedly flaunted her affair thinking I did not know Eric Carlson was a cop when in fact I did know, so Joan Wagar openly talks about her lover Eric Carlson and she talks about him in writing!

Officer Eric Carlson at the beginning of his affair with my wife was calling my wife by the nickname Mrs Dash in love letters, and Joan Wagar herself brags in writing she is a poisoner and that I cannot get help from police or from hospital in her diary!

I think

I know I am too old to have a diary or a journal but I need a way I can get out my feelings without someone saying there stupid or smashing them in my face or using them against me in any way I

Just need someone to talk to somehow get out what I have inside this is the only way I know how to do it for this is for

Only me so nothing in it can be wrong

To start it out I really think I'm going crazy I

mean really bonie Bin crazy I'm having a lot of trouble keeping a grip on anything

i'm starting to lose my  
temp at a drop of a hat  
i cry at nothing i keep  
wanting to hurt my  
self and i cant stop i  
know i need help and  
yes i want it more then  
anything i just dont know  
how to get it

Another way i know im  
going crazy my husband  
says i say things in my  
sleep i dont even dream  
about in a million  
years things like i want  
to kill him or im having  
sex with all this people  
no of that is true but  
I have to believe him  
i am saying it because  
why would he lie about

it but i know its not  
true so why would I  
say it if im not going  
crazy another thing  
he says i do is something  
like i slowly tense up  
move my foot stuff  
like that he said just  
said this morning we were  
both lying in bed awake  
i was moving my foot  
tensing up i swear to  
god i felt nothing i wasnt  
moving at all but he  
said i was i made a effort  
to be as still as i  
could not even blink  
move nothing he said i  
was still doing it and  
I believe him i was  
cause like i said why

would he lie (he wouldn't)  
those are just a couple  
of examples why i think  
i'm going crazy.

I don't know what  
to do I feel i have to get  
out what i have to say  
if it's right or wrong  
this is why i'm making

This diary (Journal)  
it's for me and me only  
i'm hoping if i can write  
out what i need to it  
will help me not go crazy.  
because i have no one to  
really talk to no one  
that won't put me  
down or i won't piss  
off and have them leave  
me i know i will repeat a  
lot through out this the

stuff i do is stuff i  
~~eyes~~ think is just in my  
head at the time i hope  
i have enough room in this  
book to get me through this

This diary is my last  
hope of survival i hope it  
helps because i do love  
Terry and Terry only  
with all my heart and  
soul i hope one day  
he can see i am truly  
trying to work this out  
have to be with the girls

now i love them so  
more latter i pray to god  
this does help me for  
my family god please help  
me be a good wife  
friend, soul mate and mother  
i need help so badly please

see that and give my a little  
trust after awhile but no I  
think when I opened the

he thinks its come my  
god. i havent done anything  
i just want him back i  
said when do i have

for the past 2 mths ive  
been telling him the  
truth even told him  
about you because i want  
no secrets but he says  
he going to get it  
tested in a way i really  
want him to test it

that way he can  
see its not cum its  
soap or something from  
the shower curtain but we  
are hurting for money  
So Bad i am losing 160.00  
dollar's a mth going to days  
that is going to really  
hurt us we were hardly  
getting by before that now  
this sounds selfish but i  
never want to go back  
to overnights i like seeing  
my family more not being so  
fired when i do see them  
even if Terrys yelling at  
me or just accusing me or  
just giving me dirty

around him i miss him  
So Very Much got to make  
this short my ear is hurting

Dear Diary 3-19-06  
Yes I am writing

pills yet for 2 reasons  
one I didn't have enough  
money and 2 hopefully  
megan will get a  
interview with wal-mart  
hopefully she can start  
working there I can  
Borrow some money from  
here to get all the test  
done I need Terry to  
know nothing is going  
on. I came so close to  
quitting today I am  
So very stress out at home  
get to work Randy  
he's the Dept manager  
Said Alex (the store

manager) and Summer  
said boys looked horrible  
not zoned I told Randy  
The girl from Garden  
called in sick and I had  
to sit and watch the  
garden door for two  
hours 9-11 so that's  
Why I didn't get ever  
thing zoned Randy said  
it's ok don't worry about  
it but I try so hard to  
do something right I do  
nothing right at home  
no matter how hard  
I try I just didn't need  
to here I did nothing  
Right at work I need  
to do something right  
Some where I really do  
try so very hard

I just have to give  
up on everything, I just  
don't know what to do  
as long as I'm  
alive I'm not going to  
argue with Terry  
any more he keeps  
saying you're lying & I say  
no he says the why &  
you getting mad I not  
mad I'm hurt & frustrated  
from now on I'm going  
to let him say what  
he has to and  
let it be I'm not going  
to say what I have to  
only to you because  
he says he believes I  
love other people  
and I want to kill he

he believes that in  
his heart and I know  
when you believe  
something from your  
heart there's no  
changing it so I give up  
I'm very tired have to  
wake up early to give  
blood tomorrow so  
I'll right more tomorrow  
night Good Night 3-20-06

Today I give up Terry  
has told me enough times  
he doesn't believe me so  
I just give up I have  
been trying to fight for  
him he just keeps saying  
I don't believe you  
will no more fighting  
he is going to believe

What he believes  
he keep making fun of  
you saying all im  
probly doing is writing a  
bunch of lies for a jury  
one thing this is

Mr. Wagar:

It has been brought to my attention that over a period of time OHSU has received numerous harassing calls from you directed to the Patient Advocates Office. These calls are recorded, are unwanted, are harassing and must stop. OHSU takes this situation seriously and will not tolerate harassment.

**This is your formal notification that these phone calls must stop and that all communication with OHSU needs to stop immediately.** For purposes of this letter, communication includes, but is not limited to, in-person contact, phone calls, voice-mails, pages, text messages, e-mails, campus mail, US Postal Service Mail, and any third party contact not specified in the exceptions list below (i.e., you cannot request someone else make contact or communicate to OHSU or their departments on your behalf).

Any phone calls to any OHSU departments will be considered telephonic harassment and may subject you to criminal penalties. This notification satisfies ORS 166.090 Telephonic Harassment. Please note that leaving voice mail will also constitute harassment under this statute.

**This is also your formal notification that you are not welcome on OHSU owned and controlled property.** As legally authorized "person in charge" for OHSU, I am informing you that any violation of this exclusion may result in you being removed from OHSU property and/or arrested and prosecuted for criminal trespass. **In short, you cannot come to OHSU for any reason, except to receive emergency medical care at the OHSU Emergency Department.**

**Comments:**

**Prescriptions**

TERRY WAGAR has been given the following prescriptions:

No prescriptions were provided.

No leaflets were given to the patient.

It is **your responsibility** to make an appointment for follow up care. You **must call within 72 hours** to make a follow up appointment with a new physician. If you have any questions or problems, call your **personal physician or your follow up physician**.

**Do not let anyone else use your medications!**

Important: We examined and treated you today on an emergency basis only. This was not a substitute for, or an effort to provide, complete medical care. In most cases, you should let your family doctor check you again. **Take this discharge instruction sheet to your follow up doctor.** Tell your doctor about any new or continuing problems. We may not recognize and treat all injuries or illnesses in one Emergency Department visit. Please follow these instructions:

**Please note that the follow up physician is for a *(one-time follow up visit only)* and is not a substitute for a Primary Care MD. To help you find a primary doctor, you may call 503-256-4000 or go online [adventisthealthnw.com](http://adventisthealthnw.com).**

**OTHER IMPORTANT INFORMATION**

1. If x-rays or EKGs were taken, you may have been treated on the basis of the Emergency Physician's initial interpretation only. These tests will be reviewed by a specialist for a final interpretation. You will be advised of any changes that require further treatment.
2. Your Bills: You will receive separate bills from the hospital, physicians, lab and x-ray.
3. You **must** be seen by your follow up physician or return to the Emergency Department for any medication refills. **No telephone refills.**

**YOU ARE THE MOST IMPORTANT FACTOR IN YOUR RECOVERY**

Follow the above instructions carefully. Take your medications as prescribed. Most importantly, see a doctor for follow up care. If you have problems that we have not discussed, **call or visit your doctor right away**. If you cannot reach your doctor, and feel that you need to be seen right away, return to an Emergency Department. **Many health insurance policies require you to receive follow-up care from your primary care physician (PCP) or clinic. We do not know what your insurance requires.**

**The physician that we provided for your follow up care may not participate with your insurance**

*Oregon requires all adult drivers and passengers to wear a seat belt at all times while the vehicle is in motion. If your child is under age four or weighs below 40 pounds, you are required to use an approved child safety seat and if your child is between ages four and six or weighs between 40-60 pounds, you are required to use a booster seat.*

*There is no doubt that seatbelts and car seats save lives, as we witness everyday in the Emergency room. Buckle up each time you get in a vehicle! - It's the Law*
